First Pick Farms is a world class business comprised of a dedicated staff with well over one hundred years of experience in the blueberry industry. We are environmentally conscious and strive to stay grounded by giving back to the community.

First Pick Farms LLC is located throughout Southwest Michigan along the Lake Michigan shoreline. Our office is located in the small town of West Olive, MI.

Come join FPF, an emerging leader in the produce industry. Our focus is on farming well over 1,000 acres of blueberries, packing, and distributing to our customers.

Intern Duties & Learning Opportunities:

- SALES and MARKETING: Learn the skills and expertise required to be a leader in the sales and marketing side of the produce industry. Gain significant knowledge about the techniques used in the produce industry.
- FOOD SAFETY and PRODUCE PACKING: Learn and gain valuable knowledge about food safety requirements and techniques used in fruit packing.
- FARM MANAGEMENT and PEST CONTROL: Gain exposure into the unique world of a large-scale blueberry farming operation. From pest control and weed management to Fertilizing and Harvest, all play a critical role in the production of blueberries.
- Management of inventory and chain supply

Job description could be customized depending on your interests

We are willing to pay qualified interns who are willing to learn all aspects of a successful blueberry farming business from \$11.00--\$14.00 per hour, depending on experience. We welcome all levels of experience.
